## A PIONEER AT THE DAWN OF DUBAI'S DAZZLING GLOBAL FUTURE.

Where water, land and sky converge, a shimmering new realm is born.

# DORCHESTER COLLECTION'S FIRST HOTEL IN THE MIDDLE EAST

Set on the vibrant Marasi Bay Marina, beside Downtown Dubai, The Lana represents the ultimate in elevated living. It's a place to gather, to celebrate, and to know the very best of this wonderful city.

The name 'The Lana' has multiple meanings. One, in its Arabic translation, evokes a warm sense of belonging. Another means to gently float in calm water, like the waters of the Dubai Canal. To us, it simply represents a place of tranquillity, comfort and exceptional hospitality.

The Lana forms one half of a striking interconnected building, with a central podium for shops and restaurants. It's designed to make the most of the city's captivating vistas, gazing over the Burj Khalifa, Ras Al Khor Wildlife Sanctuary, Dubai Design District and the desert beyond.

As Dorchester Collection's first hotel in the Middle East, it represents a new chapter in the collection's unparalleled global history. Experience the ultimate expression of trusted hospitality and elevated living in a city where wisdom, style, ideas and artistry now long for a place to call home.

## DINING

The Lana's eight vibrant restaurants and bars bring fresh energy to Downtown Dubai's dining scene. Led by executive chef Oliver Jackson, the culinary team oversees four outlets, collaborating with renowned chefs Martín Berasategui, Jean Imbert, and Angelo Musa to create the remaining four.

### JARA BY MARTÍN BERASATEGUI

With 12 Michelin stars under his belt, chef Martín Berasategui is an undisputed master of his art. The first of its kind in Dubai, Jara is a creative ode to his native Basque Country.

Inspired by the region's colourful spirit and named after Martín's granddaughter, the restaurant brings together the alchemy of fire, passion, warmth, and family, while Jara Bar offers pintxos and creative cocktails.

### RIVIERA BY JEAN IMBERT

This new modern Mediterranean restaurant is inspired by Jean Imbert's own heritage and travels. It is his first restaurant in the Middle East, complementing his existing relationship with Dorchester Collection at Hôtel Plaza Athénée in Paris.

Located on the 4th floor, Riviera evokes the breezy freshness and boundless sunshine of the South of France, with à la carte breakfast, lunch and dinner menus bursting with creativity. Meanwhile, Riviera Bar serves up Mediterranean-inspired drinks and light bites.

### HIGH SOCIETY

True to its name, High Society dazzles with potent energy and exclusivity at the very top of The Lana. Open just for hotel guests during the day, it transforms into a vibrant lounge from 7pm. Spectacular Burj Khalifa views await as Jean Imbert curates a menu of eclectic light bites against the city's glittering skyline.

### BON BON CAFÉ ANGELO MUSA

Award-winning pastry chef Angelo Musa brings his world-famous pastries to Dubai, with an elegant marina-side patisserie offering delightful indulgences throughout the day.

### THE GALLERY

Lobby life at The Lana sparkles with the sunshine of the marina, infused with an air of sophisticated vitality. This is the place to be: to know the finest of the city and to experience it over a refined menu. Home to The Lana's signature afternoon tea, it also serves breakfast, light bites, and drinks.

### VERANDA

An open-air, lush garden bar serving signature cocktails, champagnes and wine paired with a sharing menu of tapas and Levantine influenced dishes. The perfect 'secret garden' for those in the know, to enjoy a lively evening with friends.

### BITTER HONEY

An intimate bar nestled within the splendour of the lobby of The Lana, serving tableside cocktails and bites, as well as a selection of local honeys and bitters.

The sweet mystery of Bitter Honey's origins is buried deep within its cocktail list.

### TXAKOLINA

Nothing here is left to chance. The location of our after-dinner cigar lounge is a closely guarded secret, the entry is strictly controlled. For those who do get invited to experience Txakolina, it's most certainly a moment to savour.
